Palm Springs is a city of drives—There's Palm Canyon drive, Chino drive, Tacheva drive—and the Youth Center, American Legion and Red Cross drives... the city will take care of the former but it's up to you to take care of the last three... all of them are worthy of your support... Currently the Youth Center and the American Legion drive merit your utmost support... The Red Cross drive is next month's business and that, too, deserves all you can give it.

BUT, getting back to the current campaigns—chuck it in for the Youth Center... they're the young men and women who'll be running the city in the next decade... they're the future of Palm Springs... Remember when you were a kid? Wouldn't it have been nice if you had a Center where you could have had lots of fun instead of standing 'round in front of the drug store? Turn back the clock and think it over and when those kids come around for a donation—donate.

AS FOR the American Legion... their project is really bigger than you imagine... It involves a lot more than just a World Wars Memorial where the Legion and other veterans' organizations can meet... The auditorium there will seat at least 600, probably more... It'll be a place for conventions... Right now, Harry Harper over at the chamber of commerce, has requests from possibly 20 different organizations asking about reservations and places to hold conventions... He just can't find them... By building the Owen B. Coffman Post's Memorial building, that will be the spot... And since the tourist industry is the Village's chief industry—the whole town will profit.

THE MAIL this week asked a query to which I could give an old and very corny answer: Denoting quick work by some observant Villager, the unsigned card read: "For the first time since you've been here I've seen you out with a woman—first a blond and then a brunette. How come? Who was the lady I saw you with?" Well, I won't fall for the customary answer... It WAS a lady... Mrs. G... and as for the blond, that was my cousin and I mean really... That should take care of all of the talk.

OUT OF THE FISH BOX comes some more random notes... This one says say something complimentary about Martha Davis at the Circus Room... Especially her "Open the Door, Richard"... One of her listeners, just a little bit high, lurches over to the piano and asked for "Shut the Door, Richard" but got the number he wanted... Another note, written on a paper napkin is hard to make out but after close study under a bright light, it turned out to be: "Give Connie a plug for the way she sings 'Zip-a-De-Do-Dah.' (I hope that is spelled correctly) at the Dunes."

MORE RANDOM NOTES—Those two boys from March Field who put on that impromptu air show over the Village yesterday really had Villagers looking into the sun and straining their necks... It was some exhibition... Only one thing I have to say—I wish they wouldn't "buzz" my apartment at 6 a.m... I have an alarm clock for that purpose... The March issue of Esquire puts Palm Springs in the No. 1 position in its page, "For Sunshine Seekers"... "A top winter resort, a green oasis on the edge of the desert... All railroads, bus and airlines... dry desert sunshine, average winter temperature, 81... casual jackets and slacks, long-sleeved shirts useful after sundown... pool swimming, sun-soaking, golf, tennis, cycling, rodeos, skeet, plus night life... Excellent American and European plan hotels... It is a nice plug for the Village."

THE VILLAGE is again full up of celebrities... Jack Benny, Mary Livingston, Bob Hope, all of them... Dick Haynes has joined the Racquet Club and is there with Joanne Dru, his actress-wife... They spend their week-ends here... Their two offspring, Skipper and Pigeon, already have a tan that makes old-time Villagers envious... I like the story Haynes tells about the wife whose husband hadn't come home. Worried, she wired five of his friends asking, "Is Jack spending the night with you?" Just after her husband came she received five telegrams... All read: "It's O.K., Jack spending night at my house." Us men sure stick together.

TOMORROW is a holiday... The birthday of Abraham Lincoln... Then on next Monday, another color is involved... The Green... It's St. Patrick's Day. In the morning and in the afternoon and evening, too... Comes a week from Saturday and the city hall and bank will be closed again George Washington's birthday... When I think of all of the holidays in February I sometimes regret that I got into this business... Think of the days off the bankers have.

WELL, as far as I am concerned, this takes care of Tuesday, February 11. Will be seeing you Friday, February 14, which reminds me, that's another day—St. Valentine's Day.

GETTING THE SUN—Jo Davidson, internationally known sculptor and his wife, Florence, take the sun at the Desert Inn while here on vacation. (Desert Camera Shop photo.)

Noted Sculptor Puts Reporter on Spot

By DOUG SCHWARTZ

When the boss told me to go out and get a picture of Jo Davidson for The Desert Sun, I knew it was the softest assignment I ever had. The great sculptor is one of the most photographed, and photogenic, men in the world. I realized that all I had to do was to load my trusty camera, tell it to "go fetch!" and it would lead me directly to wherever Jo happened to be "holding court."

(Can anyone pick up a newspaper or magazine these days without seeing Jo's bearded countenance and soulful eyes? Why, he was even the "cover man" on a magazine of international circulation recently.)

(REPORTER'S NOTE—as distinguished from the conventional "editor's note"—Naturally, I figured Phat was slightly nuts to want another picture of Jo Davidson; but how can you argue with a guy who really is so nuts about Palm Springs that he thinks about the place about 64 hours a day—and Simon Legree's his staff into the same chamber of commerce attitude? So Jo's bewhiskered phiz had to be added to the constant parade of celebrities that grace our fair city.)

My camera led me unerringly to the Desert Inn, where Jo typically was "holding court" on the lawn in front of the bungalow of his and his wife's old friends, Mr. and Mrs. Harold Duane Jacobs. The "court" consisted of an informal group of neighbors and their children who just naturally were drawn into the circle by Jo's magnetism. Lounging under

Death Takes Wall Street Publisher

K. C. Hogate, New York City publisher of the Wall Street Journal and other financial publications, died at the Palm Springs Community Hospital at 5:30 this morning. The newspaper man had suffered a cerebral hemorrhage and was admitted to the hospital about ten days ago. Dr. H. M. Behneman was the attending physician.

At Hogate's bedside when he passed away were his wife and daughter, Mrs. Barbara Ferrin, who will accompany the body aboard the Golden State Limited tomorrow afternoon to Scarsdale, New York. Funeral services will be held at St. James Episcopal church in Scarsdale Saturday afternoon.

Mr. and Mrs. Hogate were spending their fourth season here.

Additional Bonds For Tramway to Be Sought

Construction Costs Higher Since Survey

Assemblyman To Meet With Tram Authority Soon

It has just been revealed that if the San Jacinto Winter Park Authority intends to build the aerial tramway from the desert to Long Valley, near the top of 10,802 foot Mount San Jacinto, more money than the \$3,000,000 in bonds allowed by the state legislature will be needed to construct the world's longest and highest giant lift under existing, high costs of labor and material.

This was seen in the scheduled meeting of State Assemblyman Phil Boyd with the San Jacinto Winter Park Authority, tentatively set for February 27, or at least, sometime within the next three weeks.

THAT A GREATER bond allowance than that set by law at \$3,000,000 in September 1945, would be needed if the tramway construction is to start soon, was seen in the introduction of a bill by Assemblyman Boyd during the present session of the state legislature. Boyd introduced a skeletonized bill during this first half of the session and when he returns to Sacramento following his meeting with the Winter Park Authority, he will then know, how much more in bonds will be needed and write that sum in.

In an interview with Earl Coffman, president of the Authority, he said about \$1,000 more in bonds would be needed, if construction is to get under way this year in the face of high cost of construction and labor and the reluctance of prime contractors to "firm" their bids for the job.

COFFMAN POINTED OUT that the law which created the San Jacinto Winter Park Authority in September 1945, and the \$3,000,000 limit in construction bonds, was based on an engineering survey conducted in 1940 by Mojeski and Masters, Harrisburg, Pa. The estimated cost of construction and engineering, submitted at that time, did not obviously, anticipate a World War and the subsequent high costs of construction.

"Since that time," Coffman said, "costs have doubled and even tripled in some cases."

DURING THE PAST YEAR an actual over-the-ground survey from the desert floor, up Chino canyon, the starting point of the tramway, and from that point, on up to the top, indicated that more than \$3,000,000 would be needed

Plan to Open New Areas on San Jacinto

As part of a long-range trail-construction program aimed at opening up new areas of the eastern slope of the San Jacinto mountain range to horsemen and hikers, advisability of constructing a new trail from near Murray Canyon to the Antsall Rock area high in the mountain range was discussed here yesterday at a conference between the board of directors of the Palm Springs Horsemen's Association and representatives of the U. S. Forest Service.

Representing the Forest Service at the meeting, held at luncheon in the Desert Inn, were John Harris of the San Bernardino National Forest office in San Bernardino, and Donald Bower, district ranger for the Idyllwild area. Raymond Cree, president of the Horsemen, presided.

Kirk Honored, Chest Drive Over Top

Palm Springs' combined Community Chest and Hospital fund may reach the amazing total of \$44,000, more than \$9000 beyond the original goal of \$35,000, it was revealed today at a luncheon honoring General Chairman Kenneth Kirk for the unselfish and untiring work he accomplished in this year's campaign now drawing to a close.

Those present at the luncheon heard Phil Delano, president of the chamber of commerce, Frank Bennett, president of the Community Hospital association and Frank Cutler, winter resident and co-worker in the fund campaign praise Kirk for the work he did in the Community Chest drive this year and his phenomenal success.

"ALL HERE REALIZE," declared Bennett, "how hard it is to collect money especially for the Community hospital and Kirk's success is attributable to hard work and organization. We are thankful."

Phil Delano thanked Kirk for his work in community life of Palm Springs and declared that the chamber of commerce which Delano heads would be calling on him for additional service.

CUTLER SAID that although those who benefit from the Community Chest may only thank that organization which tenders the aid, nevertheless it was the efforts of Kenneth Kirk to whom we shall all be thankful.

Kirk, when his turn came to address the diners, was given a gold wrist watch presented by Cutler on behalf of the community. It was then that he revealed the startling fact that the fund drive would approximate \$44,000 when the proceeds from

Police Put in Busiest Month in City History

Palm Springs police put in the busiest month in the history of the department in January, Chief of Police A. G. Kettmann's report to City Manager William E. Alworth indicated.

There were 11 felony arrests and 91 misdemeanor arrests for a total of 104 bookings. All told there were 29 felony complaints.

Value of property and money recovered by the department was \$21,486.19, in restitution on bad checks and recovery of stolen property.

TRAFFIC citations headed the list in the misdemeanor class with 51 tickets issued. Intoxication cases came next with 17 booked on that charge.

The thickening traffic on Palm Canyon drive was reflected in the month's report which revealed eight accidents here. In only one case, however, was an injury involved.

During the month 434 complaints were investigated and 3178 queries answered, more than 100 per day.

Initial Work Begun On Desert Circus

Like the first robin, spring baseball practice, and a young man's fancy, a sure harbinger of springtime in Palm Springs this week is the initial work on that climaxing western extravaganza—Desert Circus.

SEVERAL CHANGES will be found in the program of events for the five-day celebration, but Chairman Hinkle believes they will meet with popular favor in spite of the fact that a lot of serious thinking was indulged in by the general committee before some of the traditional events were discarded. These changes include the following:

1. There will be no Village Vanities this year. In their place will be the Village Insanities, directed by the same talented Melba Bennett and offering both a wider field of activity and a greater participation by the public.

WHEREAS THE VANITIES was seen by only 1600 persons, Mrs. Bennett believes between 6000 and 10,000 can take part in the Village Insanities, a zang outdoor show at the Tennis Club that will be a mixture of a little bit of everything calculated to provide a good time for the entire Village. Labor troubles, labor union demands, rehearsal location problems, limited seating capacity of the theater and many other factors wrote the death-knell of the Vanities which, during the first 10 years of the Circus...

Desert School District Board Cites Facts and Figures on School Needs in Supporting Feb. 25 Bond Issue

Trustees of the Desert School district and Miss Katherine Finch, superintendent, have prepared a "report to the people" concerning the proposed bond election scheduled for Feb. 25 to provide funds for a needed building program and for site expansion.

The Desert Sun is glad of the opportunity to present the report but because of its length, will present it in four installments, all prior to the election date.

The first installment follows: The Board of Trustees of the Desert Elementary School District has authorized a Bond Issue of \$750,000 to be held February 25. This step has been decided upon as the only solution to the present crisis arising out of the shortage

of classrooms, service facilities, and playground improvements. This condition has been contributed largely by the great influx of population during the war and post-war years and the parallel curtailment of a comparable building program due to lack of materials and excessive costs.

I. GENERAL INFORMATION

The Desert Elementary School District covers an area of 396 square miles, including about 11 townships, and serves over 900 children living in Palm Springs, Cathedral City, Rancho Mirage, Garnet, and Desert Hot Springs.

The Frances Stevens School and the Cahulla School, both serving the Palm Springs area, are six year elementary schools. The former has a kindergarten in addition to the six regular grades.

Cathedral City and Desert Hot Springs each has its own six year school.

The Nellie Coffman School in Palm Springs serves seventh and eighth grade pupils only and draws its enrollment from all sections of the district.

These five schools constitute the present Desert School District set-up.

II. QUESTIONS AND ANSWERS:

1. Are school housing facilities adequate at the present time?

No. The kindergarten and both first grade rooms at the Frances Stevens School are operating on double session due to excessive enrollments. Two fourth grade classrooms, including 53 children, are now set up in the auditorium. Of the other 27 classrooms in the district 18 have an attendance in excess of maximum normal capacity or teacher load.

2. What has caused these conditions?

Elementary school enrollment increased from 458 to 910 since 1941—almost 100 percent. During this period of greatest growth the school building program has been greatly curtailed because of war priorities and exorbitant costs.

3. What are the prospects for continued gain in enrollment?

Census reports reveal a marked increase in the number of births beginning in 1941. The impact of this is now being felt in kindergarten. We have 54 children enrolled in the two sessions of kindergarten this year and half that number on the waiting list. All the lower grade classrooms will feel the effects of this impending wave of pupil enrollment in the years immediately ahead.

The California State Chamber of Commerce estimates that school attendance will double during the next ten year period.

The Riverside County Planning Commission estimates a quadruple population increase during the next ten years.

4. What are the actual minimum classroom needs for next year? Allowing a maximum room capacity of 25 pupils for primary classrooms and 30 for intermediate classrooms, the present buildings of the district can adequately seat 765 pupils. The present enrollment is 910, an excess of 145.

If the district enrollment increases another 20 percent next year as it has during the past two years, there will be at least 330 pupils without adequate seating facilities. To take care of this situation calls for about 12 additional classrooms.

(To be continued Friday)

Letters to the Editor

HOW ABOUT A TOP COAT?

Dear Phat: Nine years ago the Chamber of Commerce of Miami Beach, Florida, sent the Chamber of Commerce of Palm Springs a small wood stove. This stove has been in storage, somewhere here in Palm Springs since that day. I would suggest that our Chamber of Commerce, as a gesture of comparable good will, locate that stove and return it to a frozen Miami Chamber of Commerce. If this stove cannot be found, we might send His Honor, the Mayor of Miami, a new overcoat

to protect him from the rigors of winter at Florida's foremost winter resort.

Sincerely yours
C. H. McFarland

Somebody is going to be driving this new Packard soon as a result of helping the young men and women of the Village in financing their Youth Center building, nearing completion on Bellardo Road. Help the youths complete their Center!

Here's Why--- You Should Support The Palm Springs YOUTH CENTER

AND HAVE A SHARE IN THE FUTURE
OF YOUR PALM SPRINGS YOUTH

Palm Springs' finest and dearest possession is its Youth—and Palm Springs' future is a future that is bright and optimistic because of the young folks of the Village. We're all proud of them. But to help them become adults and citizens of the finest type—their surroundings and associations, their activities and recreations now depend much on the facilities we offer and provide them. The new Palm Springs Youth Center can be a powerful factor for good—and in aiding this important project—you can feel proud of any assistance you give toward making this ideal—this dream come true.

Here's how the new Youth Center will look. It's the architect's drawing. But if you want to see it yourself, just drive up Bellardo Road where the building is rapidly nearing completion. You can help complete it by supporting the "teen-agers" in their current drive for funds.

Here's the scene of a few weeks ago when ground was broken for the new Youth Center building. Now the building is nearing completion—but there's the item of money remaining. You can help by responding smilingly when the young men and women of the high school call for subscriptions. They need \$10,000—and whatever you give will help.

The following individuals and firms sponsor this page and urge you to support the Palm Springs Youth Center in every way you can.

Visual Education Topic at Meeting of P-TA Workshop

Visual education was the topic when the Palm Springs Parent-Teachers Workshop met this afternoon at 3:30 o'clock at the Nellie N. Coffman school.

Mrs. Newton Hotchkiss has accepted the chairmanship of the committee to program visual education in the local schools. Use of the motion picture projector to aid in education will be surveyed here.

Ray Johnson, director of visual education in the office of E. E. Smith, county school superintendent, addressed the group.

Discussing the proposed school bond issue, scheduled for Feb. 25, Miss Katherine Finchy and

When You Recline In These Chairs, You're in the Air

Did you ever see a piece of furniture which would inspire the designer to name it after the sleek, fleet-like appearance of a Jet airplane?

Then again, if you ever saw a four engine Sky-Master on the ground or overhead in flight, its sturdy aero-dynamic lines inspired the same furniture architect to name one of his designs "The Skymaster."

THERE ARE OTHERS, TOO, like the P-51 Mustang, all of which are now on display in the "House of Modern Interiors" opened this week at 306 North Indian Ave., by none other than Duane (Don) Bardwell, well known in the Village as the former special passenger agent of the Southern Pacific Railway company. Bardwell is associated in this new business with his brother, Gerald, and Mr. and Mrs. George Alles.

The furniture on display at their store has not been shown on the Pacific coast as yet, Bardwell said. In addition, he added, the establishment is showing lamps, end-tables and coffee tables designed by Mary Talmadge. Other departments in the new business venture are the "Tile-tex" tile, Armstrong linoleum and the manufacturing of venetian blinds made to order.

Bardwell said that he also has an interior decorating department already busy at work in two homes in Palm Springs. The furniture of the latest modern type is a blending of both the Chinese and American.

THE FIRST CUSTOMER to make a purchase in the new Palm Springs store was Mrs. Evelyn Pell.

The partners intend to remain in their present location until more suitable quarters are found on Palm Canyon drive. Harold Hicks, who dropped into the store last night, declared that the appearance of the place and the furniture display was hard to resist inspecting and suited action to thought and stopped to inspect the wares on display.

Soroptimists to Meet Tuesday for Organization Plans

Plans for the organization of a Soroptimists club in Palm Springs were discussed this noon in the Blue Room of the Chi Chi by a representative group of Village women.

The Soroptimists clubs are service clubs composed of leading women in each community, based along the lines of the Rotary club for men.

Mrs. Lee Kalbach is chairman of the group which plans organization here, succeeding Mrs. Harry Brott, who found that she did not have sufficient time to take care of all of the details.

L. A. Club Hears All About Desert

The Cheviot Hills Garden club of Los Angeles heard all about Palm Springs at its meeting, Friday.

Mrs. James Whitehorn, widely known political writer and desert enthusiast, went to Los Angeles to address the club.

Her topic was "Palm Springs" and she plans to tell its climate and its garden possibilities.

MORE ABOUT . . .

Desert Circus . . .

cus life had become an institution nation-wide.

2. There will be no Big-Top Ball. Here again the help problem, food, limited quarters at the Racquet Club and several other factors drove Charley Farrell to the decision to give up plans for the fashionable swanky costume affair which has been a landmark in the Circus for many years. In its place will be a lot of "Little Top Balls" scattered throughout Palm Springs.

IT IS PROBABLE that even Charley and Virginia Farrell will have a Racquet Little Top Ball. Through the community-wide series of Little Top Balls Chairman Hinkle hopes that literally thousands of townspeople and visitors will participate in the good times of the night, Saturday, April 12. Heretofore attendance at the Big Top Ball has been less than 500 due to the limited space.

3. The third change may be the elimination of one of the barbecues of the week although this is still somewhat indefinite.

OTHERWISE the program for the five-day celebration remains about the same as former years. The opening event will be the Western Fashion Show and Kangaroo Court on the lawn of the Desert Inn, with George Robertson, co-manager of the Inn, as chairman.

An automobile will be given away on Saturday, the proceeds going into the funds which will be disbursed to the beneficiary of this year's Circus, the Desert Museum. This work will be handled by Arthur Bailey who teamed up with the late Cecil Isenagie last year to raise approximately \$12,000 from a similar car award.

THE VILLAGE, INSANITIES will be presented two nights, and during one of these days the children's pet show will be staged at the Insanities grounds at the Tennis Club under the direction of Catherine Finchy, Desert School district superintendent.

Again this year Phil Delano will hold the important position of chairman of the parade committee, responsible for arranging entries from throughout the West for the colorful event on Saturday afternoon. The chairman hopes to exceed last year's parade which was acclaimed as the best in the 10 years of the Circus. It is contemplated that another successful luncheon will be staged Saturday noon by Lee Bering at his Tennis Club.

AS WAS THE CASE last year, the Owen Coffman Post of the American Legion will sponsor the and produce the championship rodeo on Saturday and Sunday, April 12 and 13, at the Field Club. Frank Bogert has accepted chairmanship for the Legion Post, and Frank Bennett, president of the Circus association and general chairman last year, will be the rodeo chairman for the Circus association, the two working together on the big task of presenting the western event.

Lloyd Simon, chairman of the souvenir program committee, assisted by Roger Williams and Jacques Crommelin, has already begun his volunteer work of preparing this edition. More than 5000 copies will be printed this year, and the committee is working hard to make the publication a credit to the Circus.

KANGAROO COURTS always have been a fun-provoking and popular event of Circus Week, and these will be in charge of Wall Spalding this year. Robert McKenzie will be chairman of

Future of Village Up to Citizens Says Mayor Riley

Whether Palm Springs shall become the "finest resort community on the North American continent" depends upon the backing which its citizens gives its city government in its efforts to provide the facilities and services which the growing community needs. Mayor Earl Riley of Portland declared Wednesday in addressing the Palm Springs Rotary Club at the Desert Inn.

"You can become the finest or the poorest resort on the North American continent depending upon your decision as citizens on the question of how the growth of Palm Springs is guided," the northwest executive, an outstanding leader in municipal government in the nation, declared. He was introduced by Frank Cutler, former Portland business man and now a civic leader in Palm Springs. Mayor and Mrs. Riley are spending three weeks here.

THE TYPE OF GOVERNMENT a city has does not determine the character of that government; that can be determined only by the people who make up the community, he said, citing the experience of Kansas City and Dallas where clean, efficient and honest governments are in power today solely because the citizenry demanded that they have good government.

Without referring directly to the proposal that Palm Springs adopt a sales tax, Mayor Riley gave it as his opinion that Palm Springs is fully justified in expecting the people who come here during the winter months to help pay the costs of the facilities and services which they enjoy.

"OBVIOUSLY it is unfair to expect the more than 7000 permanent residents to pay the costs of a city used by between 15 and 25 thousand persons," he said. States and cities are manifesting progress when they seek ways of equalizing the tax burden in order to lighten the seriously heavy tax load on homes and property, he declared, adding that every citizen should be required to pay his proportionate share of government and education.

decorations, and Willard Geib in charge of tickets. Publicity will be coordinated by Harry C. Harper.

SPOTS Before Your Eyes

Remember when newspaper work was the most fascinating pursuit in the world? It still is. The time referred to, however, was when, (not so long ago at that,) reporters worked for the glory of attainment, half-starved on the pay they received and a kind, but also, brutal word from the city editor.

Most newspapermen started in the city room as office boys, and learned the "King's English," and how to write it by the niches the city editor carved in his heart in number of stories you busted your head in getting and writing, only to have them re-written by some re-write man who sat smugly at his desk all day. Despite all of this, you loved it, and you learned the hard way.

ON THE OTHER HAND, object of pity in those old days, even by the office boy, was the newly hired reporter who came to work on the staff with a diploma in journalism tucked under his arm. Just the same, pity or not, if these college boys had it in them, their post-graduate work in a practical city room, moved up fast. They had the advantage of four years of theory whereas the office boy learned the ABC's of the business by hedge-hopping from one cruel world to another until the ways of a newspaperman were hammered into him by force.

In that old "school" a sense of loyalty was instilled that nothing short of a bashed head would keep the old time newspaperman from "getting that story." Then, too, bringing it in for the city editor, apostle of what was right in the world, only to have what you have striven so hard to obtain find its way into the wastebasket and another re-written story find its way into print.

HOW OFTEN has the tyrant of the city room been heard to shout: "newspaper men are born, not made." And there he must have been right, too. On the old Evening Herald in Los Angeles, for example, one felt sorry for those men who strove with all they had to hold a berth but all their efforts were not good enough for the "Old Man."

Newspapermen today have not changed much. Perhaps there isn't that "Do or die" attitude in their work, if anything can be said by comparison. Today, they know that the whole world doesn't hang on whether they do or not get that story. Nevertheless, underneath it all, there is the same fiber as of old. For one thing, they know that the "story" can remain out of the paper if it will save the face of some erring human who faltered and misstepped for the first time. Like all human beings they also know that the story could remain untold and unprinted as a harsh word should remain unspoken if it would hurt a friend or just any human being.

IT IS RIGHTLY SAID that the press goes a long way in mould-

ing opinion and a newspaper in the hands of an unscrupulous individual can do great harm to a community. The same is true when a youngster, still wet behind the ears, untrained, unlearned, gains control of a "sheet" and sets himself up as a demigod—at least in his own opinion. There is a newspaper where such a young man is in control. Under its former owner it was highly respected, had circulation, and was widely supported by advertisers. The "sheet" had plenty of good will, too, worth more than the physical properties of the publication.

The other night a group of old time newspaper men gathered and declared they would have been tickled to buy the paper from the former owner but today it is only worth, in their opinion, and good ones, too, a fraction of what it was originally worth.

IT STARTED raining in Los Angeles Sunday afternoon and the storm spread all the way to Colton. At times the downfall became blinding. Driving along, those in the automobile bet that the stars would be blinking in a clear desert sky over Palm Springs. They were right.

Donald Cameron, taking a short vacation from his duties at Rancho Mirage, can't forget the real estate business. Whenever he is seen, land inevitably becomes the topic of his conversation.

RUDY VALLEE shows every sign of becoming a dyed-in-the-wool Villager. Away from the microphone, he surrounds himself with friends at his home here, enjoying the sunshine during the daylight hours and out sampling the food and listening to the music at various spots in town at night.

Saturday night, Rudy, true to his nightly routine, was seen at the Palm Springs Tennis Club where he gave a party honoring Mary Ann Nyberg. It was her birthday. The guests included Mr. and Mrs. Alfred Dunhill of Dunhill, Inc.; Walter O'Keefe, famed comedian of stage and screen; Mr. and Mrs. Harcourt Black, Jean Louis, Dr. and Mrs. Joseph D'Allesio. If you happen to be in Las Vegas during the next two weeks drop in at the Last Frontier. Rudy will be doing the Phillip Morris radio show from that Nevada hostelry.

Rennie is back at the same spot in the Village from whence he was drafted during the war. At that time the night spot was called the Cubana. Today most Villagers know it as the Lido. He is tickled to get back too, and so are the cash customers that flocked to that spot who remembered the fast and interesting show he is capable of putting on. You should listen to the fellow.

AT THE CROSSROADS

We stand at the crossroads of our civilization on a brave front with the greatest future of all time before us and the gravest responsibility with us, and, I believe, a faith in a capacity, if organized, to drive "through hardship to the stars."—John G. Winant.

American Youth

By ETHEL GILLET WHITEHORN

America's most precious asset is the youth of today, who will be our citizens of tomorrow. J. Edgar Hoover, in his frequent reports to the nation, as well as in his speeches before large groups of men and women, stresses the importance of giving to our young people a definite responsibility in civic affairs so that they may learn, in their tender years, the value of good citizenship.

United States Senator Alexander Wiley of Wisconsin, than whom there is a no more enthusiastic supporter of youth movements throughout America, stated in a recent speech: "Some thing is wrong in a nation which permits youth to shift for themselves. Parents, who don't properly accept their responsibilities, are to blame for many problems. Lack of civic interest in our young people is also unforgivable."

OCCASIONALLY, I make predictions in this column. I make one now, I predict that within a very few months, the boys and girls of Palm Springs will stand out as shining examples of good citizenship, and that their splendid work in the Youth Center, now under construction, will be copied by young people all over this nation.

Here, in this western wonderland, the spirit of the pioneer lives in our children. No recreational facilities have been provided for them—they have no swimming pool they can call their own, and no tennis courts. However, they have been able with the help of their elders, to establish many activities of great interest to themselves.

ONE OF THE FINEST examples of civic cooperation is that which was extended by R. F. Graettinger, editor of The Desert Sun, long time ago. He set aside one full page of his paper each week, so that high school students could report their activities. Ask yourselves—how many publishers in America are giving our young people a similar break?

The churches of Palm Springs are another center of deep interest for our young people. Our ministers understand the problems of youth and a large percentage of their programs is built around them.

The Palm Springs Youth Center is located on Belardo Road, opposite the golf course. The property was purchased for \$7500.

THE COSTS of construction on the building are being held to a minimum. Due to the generous cooperation of the architect, contractor and sub-contractors, also the supply houses, most of the materials and labor involved will be available at cost.

The estimated cost of the first unit of the Youth Center is \$30,000. Of this amount, \$20,000 has been donated to the Welfare and Friendly Aid Association, Inc., who will own and operate the building. Financial support

from the Community Chest will assure operating costs.

THE ACTIVITIES of the Youth Center will be operated by teenage boys and girls, under the supervision of a paid director trained in youth work. The project has the complete support of all civic groups, including the Palm Springs police department. That, in my opinion, is the core of the project. Youth, given responsibility, very seldom fail to take their places as reputable citizens.

Ten thousand dollars is desperately needed to assure completion of the first unit of the Youth Center. Checks should be made payable to the Welfare and Friendly Aid Association, Inc., and mailed to Mrs. Caroline Hicks, chairman of the Youth Council. Mrs. Hicks' address is 395 Camino del Norte, Palm Springs, California.

Let us help our young people of Palm Springs as they work like little beavers to set an example for the youth of America. Let them know, through financial assistance, that their Youth Center is a reality—not a dream.

ITS GREAT BEAUTY

American educational system—a system we must cherish—is that it aims to inculcate habits of informed thinking and the formation of independent judgments. Frank Diehl Fackenthal.

Sports Clothes Featured at Roma's Tennis Club Show

By BARBARA SCHILLY

Featuring sport clothes, that made every woman present feel that she just would never be satisfied with her lot in life until she had a few for her own, was an engaging fashion show February 7 given by Roma Marvin, owner of the new and modern Roma's dress shop. A capacity crowd of 250 filled the dining room and terrace of the Tennis Club for the buffet luncheon show to exclaim and applaud at the newest creations in sportswear, some of the clothes being so new that they will not be released by the manufacturers for several months yet.

Several outstanding trends were featured, the most important ones being: considerable more flare shown in the skirt of the sport and casual dress; the return of the cape and three-quarter full sleeve; and the built up waist line shown in both shorts and slacks, eliminating the usual waist band.

AS AT EVERY fashion show, several of the outfits were aimed for the sensational effect. A gay nineties period checked taffeta play suit, Victorian drape in front, bustle in back caused many "ohs" and "ahs" as did a pair

Teen-Agers Report
on Center Drive

At a meeting held in Chief of Police A. G. Kettmann's office yesterday, the Youth Center committee of Teen-Agers, headed by Miss Barbara Jones, reported that \$1243 had been collected so far in their campaign to complete the Center on Belardo road.

Mrs. Harold J. Hicks, chairman of the Youth Center committee of the Welfare and Friendly Aid association, urged all Villagers to aid the youths in the drive. Their goal is \$10,000.

of sophisticated lounging pajamas, very full in the legs and for a final touch complimented by a slave necklace, which for the layman's benefit consists of a pair of earrings that form a necklace. The six lovely professional models also helped with the success and freshness of the show.

Some of the best known firms in sportswear were represented in the clothes shown including Western Fashions, Jamison Classics, Jantzen, Catalina, Jonmorr Classics, Bea Norton accessories and Suzy Lee hats.

Lester Freedman of Western Fashions, one of the originators of Lynn Lester creations, was present at the show and Miss Nadine Moore, a representative from the same firm very ably M.C'd the affair.

to see the construction of the lift through to completion. Coffman declared that the prime contractors on the job have consistently refused to give, as he termed it, a "firm bid." Most of the proposals contain a "cost-plus" basis in construction and this has not met with the approval of the Authority.

They felt, Coffman said, the construction should be held up until conditions of labor and material are such that a total-cost contract can be submitted.

"HOWEVER," continued the president of the Winter Park Authority, "it is hoped that construction may get underway this summer."

That construction may start this summer was seen in the fact that large private construction projects, dealing with a peacetime conversion of war plants, are about finished. Coffman pointed out that many of the smaller projects throughout the country are now being constructed on firm bids for the entire job.

"Naturally," continued Coffman, "that's the type of contract wanted for the construction of the tramway."

However, it was his opinion that prices would still remain high for some time to come and if the tramway is to get started, additional bond allowance would be needed.

American growers mastered the highly skilled business of producing cauliflower seed, long considered a European secret, during the war.

Kern County Flyers
Plan Trip to Village

Between 40 and 50 Kern county pilots plan a breakfast flight to Palm Springs early in March, according to a letter received today by the chamber of commerce here and turned over to Mary Nelson, operator of the Palm Springs Municipal Airport.

Three separate groups will make up the party, these including the North Kern Pilots' Association, the Visalia Pilots' Association and the Kern County Pilots of Bakersfield, according to information in a letter to the chamber from Henry C. Sellers, flight commander of the North Kern unit.

country as compared with reconstruction of existing trails in the Palm Canyon region, it was agreed that the forestry men, accompanied by several from Palm Springs, will ride over the proposed route within the next 10 days and report back to a meeting of the Horsemen's Association in the near future.

Ranger Harris reported that at least \$1500 of Forestry Fund will be available for the trail work in this area at once, if the money can be matched locally. At their meeting this week the Desert Riders voted to appropriate \$500, and the Horsemen's Association, Los Compadres, Vaqueros and other organizations and firms will be asked to contribute. The horseback survey will give some estimate as to the total needed to build the proposed new trail which would be more than 10 miles long and would pass through some beautiful country almost inaccessible heretofore.

BESIDES being of tremendous recreational value to horsemen and hikers, the trail also is badly needed to provide access to the area in time of forest fires, Harris said.

"In the past when we have had to battle flames in this upper country above Murray Canyon, we have found it next to impossible to get men into the fire area from this side, being compelled to go to the top of the ridge from the other side and wait for it to reach us," he said, adding that this forces the surrender of tremendous areas of priceless watershed to the flames.

Possibility of constructing and rebuilding other trails up the eastern slope of the mountain range was discussed in the conference.

PRESIDENT CREE announced the appointment of Barney Hinkle as chairman of the Rides committee, succeeding Irving Snyder who resigned recently. A ride down Palm Canyon from Little Paradise is planned by Hinkle's committee for the last week-end in February or the first in March. This committee also will be in charge of the annual Palms to Pines ride, first of which was held last October.

Announcement also was made of the appointment of Phil Delano, prominent horseman and active member of all the riding groups here, as the Horsemen's Association representative on the California Horsemen's Association.

Children's Theatre Putting on Great Shows on Saturdays

The Children's Theatre under the management of Earl Strebe and direction of Roy Randolph and Holly Visel is presenting interesting and beneficial pictures for the children besides giving them a chance to appear personally in the stage show. Any child who has talent of any sort is encouraged to come to the theater at 12:30 on Saturday and present his or her specialty.

The show this Saturday, February 8, included Beverly and Raymond Oxley in a brother and sister dance act; Donna McLinar singing "Play Fiddle, Play," and Marlene Markham in an acrobatic dance.

A superb new candy bar has been installed in the lobby of the Plaza Theater also for the benefit of the show-goers.

Franceska Arrives
for Holditch Family

Franceska Salena Holditch will be in Palm Springs tomorrow or Thursday. It will be her first trip to the Village but she expects to become a permanent resident.

She reached this world on January 31 at a Riverside hospital. The occasion made John Holditch of the Palm Springs Water company pop all the buttons off his vest—that is, if he wears one.

The seven pound, eight and one half ounce daughter was born to Mrs. Holditch a week ago. Both mother and girl are getting along in great shape.

SUN QUERIES

Question: "Do you think Palm Springs should have street lights?"

Mrs. Ruth Sorrell, Bank of America, bookkeeper. "I do not think we should have street lights here in Palm Springs because it would destroy the Village atmosphere. The charm of this town lies in the fact that although Palm Springs is a nice community it still retains its quaint Village atmosphere. Glaring lights would spoil this effect. I say there should be no street lights in this town."

Mrs. Gayle Thompson, wife of photographer Gayle of Gayle's Studio, Palm Canyon Drive. "Why ask me? I'm going to ask the city of Palm Springs to do that very thing. I think it is one of the most important questions that has arisen. Due to working late at night (Gayle and I are usually the last people in the Village to go to bed. If you don't believe that just ask the boys downstairs and sometime when we start home I think how nice it would be to still see a street light burning. I recall just in the past few weeks one night, a little old lady had fallen on the sidewalk. She had slipped in ice cream someone had dropped, and if there had been adequate lighting this would not have happened. Yes, I think it should be number one on the list for a better Palm Springs."

Miss Elizabeth Bagg, medical receptionist. "They should not install street lights in the town. It would distract from the Village atmosphere. I think that for all purposes, the light falling on the sidewalks from illuminated snow windows is sufficient. Merchants should make it a point to leave their window light burning for as long as possible during the night."

Jim Nitch, proprietor of The Desert Camera Shop. "Street light? You mean we haven't got any? Outrageous. Something should be done. Why, put in some street lights, of course! But they shouldn't put in those big five billion candle power jobs... just little ornamental types—you know the kind? The ones that do not light up anything but just look pretty. Put one in front of our shop so we can find the keyhole and so Gayle, upstairs, won't fall down the stairs at 1 a.m. every morning. Such lights would add to the attractiveness of the Village and enhance its beauty a thousand fold. Let's have street lights and as soon as possible."

Irene Johnson, Escrow department, Bank of America. "I think that Palm Canyon Drive at least should be provided with more street lights. They would show the visitors what a grand place we have here. I don't think that they would detract from the Village atmosphere provided that the right type of lights were selected. Let's install that type of light which would add to the beauty of the Village similar to the mission bell type of light standard used in Riverside."

an umbrella, Jo was ignoring the members of the group and concentrating on the youngsters, illustrating his autograph with lightning-like sketches and exchanging badinage.

A SKETCH BOOK lay opened on the table and I realized it was full of priceless Davidson water-colors. (He sculps for a living, but paints for fun.) Later, I had the privilege of glancing through the book. There were several breath-taking views around Palm Springs, some he had done in their car en route here from Los Angeles and even some he had dashed off on the train on the way out from New York. He laughingly explained that he wanted to do some particular snowscapes as they were whirling along and, lacking a glass of water for the moment, had squeezed some juice from his California luncheon grapefruit to moisten his colors.) "What had asked me to 'get a little color' to accompany my picture so, before I asked him to pose, I started to interview him. Now, I'm not an experienced reporter; just a cameraman, and, before I knew it, I was the one who was being interviewed. His wife, Florence—who is a great artist in her own right—and Mrs. Jacobs, who knew his propensity for picking other persons' brains, sat by and laughed at my discomfiture. And, doggone it, they didn't try to help me escape from my embarrassing position. They seemed to think it was fun to be dissected in broad daylight. Well, I can say I've been operated on by an expert."

THE TRUTH is I was so fascinated by the questioning and observations of this man—a great philosopher, a great humanitarian as well as a great artist (he could have made a major success in almost any field!) that I plumb forgot I was just a working staff. Then lunch was being served al fresco, and I was included, and (excuse me, boss, hours slipped by before I knew it, and the light began to fade and I darned near forgot the pictures. Gosh, Phat, you were supposed to be a very special guest at this luncheon, but you were fussing around with getting the darned paper to press... you'll never know what you missed!) Yeah, I know I've got to get down to the story. But, before I get to that, I must slip in a very funny and typical episode. Jo Davidson is so itchy-fingered that, when he was having dinner in the Desert Inn dining room the night before, he just naturally took out a pencil and started to "doodle" on the table cloth. Of course, everyone in the dining room spotted him and began to stare. When the Davidson-Jacobs party adjourned to another room for liquors, there was a grand rush for that table cloth—hostesses, waiters and waitresses and guests. "Jake" was just selfish enough to beat them to it; so the Coffmans and Jim Geggie are shy one hard-to-get tablecloth: containing priceless sketches of near-by guests.

AND SO, AFTER THIS brief introduction, here's the interview with Jo Davidson:

Jo is neglecting his health (he has been a member of the Cardiac Club for years) and his work, which means his bread and butter, just to work for something he believes in. Whether you go along with him his ideas or not, you've just got to take your hat off to a guy who'll risk health and fortune for something in which he feels he's helping his fellowmen.

His group thought it was important for Jo to come out here to the Coast to get in personal touch with their various local organizations. So he started in Washington and worked south. Then Florence (you get in the habit of talking about these celebrities by their first names) said he had to rest before he took on a tough series of sessions in Los Angeles. So where did they go? Why, they just did "what comes natchery"—they came to Palm Springs. (How am I doing, boss, chamber of commerce wise?)

AS EVERYONE KNOWS, Jo Davidson lived for years in France, coming back to this country only for such famous assignments as his \$50,000 white marble bust of John D. Rockefeller and his famous heroic bronze of E. W. Scripps. Then he got his assignment from President Roosevelt to do the busts of the president of every Latin-American republic. This took a year. It cost Jo at least \$100,000, which he gladly contributed to our "Good Neighbor" policy.

Then came the politics—and people started calling Jo everything from a stooge to an agent of Moscow—and so I began to get that "color" story you told me to get, Boss, and I'm all mixed up because Jo found out I'd been in France and Germany for the Army—and he'd been back to France recently, and is going back again in April—and I can't get quite straight what he said and what he lured me into saying but here, finally, is what the interview was all about... and I guess this is the only part you'll print, anyway, and here it is—take it or leave it:

JO BEGAN by pointing out that he honestly believed in the Scripps-Howard slogan (you know, the lighthouse, with the quotation from what-his-name—the French philosopher—Voltaire, I guess—"Give light, and the people will find their own way.")

He said that he and his wife and friends were just naturally giving their time to trying to induce the American people to "finding their own way"... he wasn't interested in whether an American was a Republican, or a

Harry Oliver to Design Indio Date Festival Building

Harry Oliver, of Thousand Palms, well known in the Village and famous designer of movie sets, has been given the task of designing and constructing of the Riverside County Fair and Date Festival to be held at Indio, February 20 to 22.

Oliver has designed and built motion picture settings for such pictures as Ben Hur (in Italy); Viva Villa (in Mexico), has also designed and built settings in Ireland, the South Seas and France. A specialist in mammoth outdoor productions, it was he who hit an all time high with outdoor pageantry in the three blocks approaching Carthy Circle for the picture "Good Earth" of which he was also the art director. His twenty-one acre Gold Gulch at the San Diego Exposition is still referred to as one of the West's greatest shows. He designed shows for the Fort Worth and Dallas Fairs, also.

Latin Rhythms Start Thursday at Pago Pago

Musical news of interest to Palm Springers was made known this week when Johnny Brooks of the Pago Pago announced that beginning Thursday his popular dining and dancing place would feature music by Amador Gonzales and his Latin Rhythms. The orchestra which is new in Palm Springs has played many successful engagements throughout the country including appearing in motion pictures.

An added new feature at the Pago Pago will be rumba and samba contests which will be held each Tuesday and Friday nights, with the winners of the occasion receiving a prize for their dance talents.

Engagement of Village Girl Is Announced

Mrs. Mary Louise Kaufman Sharp of 141 Tahquitz drive, Palm Springs, and formerly of Greensburg, Pa., announces the engagement of her daughter, Callie Pershing Kaufman, to Lawrence Hollis West. Miss Kaufman is the daughter of Daniel W. Kaufman of Hermosa Beach, Calif., and formerly of Marquette, Michigan, and Chicago Illinois.

Mr. West is the son of Mr. and Mrs. Walter L. West of 344 So. Cahuilla road, Palm Springs, and of Santa Ana, Calif. At present, Mr. West and Miss Kaufman are students at Pomona College, Claremont, Calif. Mr. West has resumed his studies after three years in the army.

No date, as yet, has been set for the wedding.

"Just know what the world and the United States is about, and what you want, and want your children to have out of life, and express that belief in the freest elections in the world," he said. (Reporter's note again: Sorry, Phat. You gave me my chance as a reporter. I know I flunked. You're a swell boss, but I'm a flop as a newspaperman. To paraphrase Will Rogers, "All I know is what my friends tell me." Personally, I was bored to death by your assignment—then had the time of my life. I flunked as a reporter; I hope I did a fair job as a photographer... and I guess this winds me up with The Desert Sun.

P. S.: But I still think Jo Davidson is a great man! P. P. S.: If you'd accepted the Davidson's and Jacobs' invitation to lunch, you could have done this story, yourself, and there wouldn't have been any question about it.)

a Valentine dance to be held by the Eastern Star Luncheon club at the Palm Springs Tennis Club is handed over to the Community Chest funds.

"I WANT YOU ALL to know," declared Kirk "that without the assistance of 80 persons, the job accomplished could not have been attained."

He told the group that to date the Chest fund has been swelled to \$42,635.48 and contributions from individuals and friends are still arriving. Kirk had nothing but praise for the civic-spirited leaders of Cathedral City and Desert Hot Springs, both of which communities contributed generously to the central fund here.

INDIVIDUAL HONORS of the entire fund appeal went to Jane Shannon, Desert Hot Springs. Kirk revealed that she brought in collections from 48 different individuals and firms for a total of \$300. He paid homage to Mrs. Martin Mayer of Desert Hot Springs for her conduct of the fund drive there.

He warmly thanked Professor James W. Kyle of Cathedral City and his workers. This community contributed \$3395.63 to the drive as compared with a quota of \$2250. Workers who assisted there were Mrs. Emil Greener, Mrs. Josephine T. Beattie, Hom. Mrs. A. K. Dawson, Mrs. Lia Wade, Mrs. Ella Dorn, Mrs. Dorothy Maddox, Leslie Kelley, Mary H. Cathedral City Roundup

Reported by MARY R. WOLSETH

Cathedral City C. of C. Steps Up Program for Year

That Cathedral City Chamber of Commerce has determined to take its rightful place in the position of leadership and director of community planning and welfare was manifest last Tuesday night, Feb. 4, when over fifty members and friends attended the monthly meeting at the Town Hall.

Each director who is a committee chairman reported on the progress of his projects, first among them being Emil Greener, head of the Volunteer Fire department. Emil reported a meeting he and Fire Chief Gordon had had with Mr. Hollands, superintendent of the state forestry fire department. He urged that a major effort be made by the town to provide a specified fire hall in which to house the full time fire chief and up to date fire fighting equipment. Ultimately the building can be made to pay for itself, he pointed out, through the rent paid by the state.

ONE OF THE HIGHLIGHTS of the evening was a talk by Clinton Jones, manager of the local KCMJ radio station when he offered the town of Cathedral the services of his station in broadcasting local news and ultimately perhaps a weekly scheduled program. He said all radio stations gave a certain amount of time to community service and he had hoped for sometime to be able to offer this here. Claud Cobb was appointed to serve with Mrs. Wolseth on the publicity committee with special emphasis on radio programs.

Mrs. Ella Dorn, membership chairman, presented the new members one of whom, Clarence Winston, manager of the Wonder Lake Ranch, told of his plans which are far under way in the building of a magnificent guest hotel on their grounds. He said it was their hope that it would serve the interests of Cathedral and be a part of this town.

Carroll Waller, chairman of the sanitation committee, reported action being taken on the formation of a sanitary district and urged prompt return of the survey as the next necessary cog in their efforts.

RIVERSIDE

9 A. M. to 6:30 P. M.

Attention Cathedral City residents! A questionnaire is now being circulated in our town. The results of this will be tabulated this week. You should have completed and returned your questionnaire by this time. If you have never received yours go to the Cathedral Drug store and ask for one.

Church Drive at Cathedral City Starts Feb. 17

"We were ready to start our campaign for funds to keep our Community church going here when we learned that the town survey was under way" said Rev. John Abels, the pastor. "In the interests of expediency and completing the survey in a week's time, we decided to postpone our drive until February 17.

In the meantime there are some facts about the church and "church lot" we feel the residents of the town are entitled to know before criticizing the church board for leasing the lot for the erection of temporary housing of new businesses trying to get established. At the time the lot was purchased its location for a church was considered possible. Increased values and the sudden boom have put the lot into a transition period and it is felt that it should be held as an investment until such a time as the sale of it will bring enough to provide means to build a church of which the town may be proud and causing Cathedral City to be even more worthy of its name. Taxes have to be met and the building fund added to.

The present worthy tenants have only a year-to-year lease and they promise to plant shrubbery and beautify their spare ground so that their temporary structures need not be unsightly."

Rev. Abels expressed the hope that the ladies who were working on the survey would be able to help the church raise the money for its support when they were free to do so.

School Club Has Fine Program Slated Thursday

Mrs. Corinne Sussman, local professional marionettist, will be the guest entertainer at the next meeting of the Cathedral School club to be held Thursday, Feb. 13, at 2:15 p.m. at the grammar school. Girl Scout troop 6 will also entertain with the marionette show which they performed before the Woman's club, dramatizing the song "There Were Nine Maidens." Barbara Dawson and Nyleen Ide taking the singing parts.

The public is cordially invited to attend this outstanding program. The club announces that there will be a Valentine pie social at the school Friday night Feb. 14, 7:30 p.m. for the children, parents and friends. Each girl or lady attending should bring a pie in a decorated box which will be sold at auction to the mer and boys.

SUCCESS BUILT ON FAILURES

Think of the poor kids. From the time they start to school, they're examined three or four times a year, and if they flunk, it's a disgrace. If they fail once, they're out. In contrast, all research is 99.9 per cent failure and if you succeed once, you're in.

—Charles F. Kettering.

Woman's Club of Cathedral City In Busy Meeting

One of the most successful programs of the Woman's club season was given Wednesday Feb. 5, in the Sans Souci at Indio. Fifty ladies were present and enjoyed a memorable program of readings by Miss Grace Woolcott, noted teacher of drama and public speaking who has been staying in the village for the past few months. She was obtained for the program by Mrs. Anne Reilly, one of the hostesses for the afternoon.

Mrs. William Lippmann of the Palm Springs Red Cross chapter was a guest of Mrs. Carroll Waller, co-hostess responsible for the successful luncheon arrangements. Mrs. Waller is Red Cross chairman for the club. Mrs. Lippmann told of the regional Red Cross luncheon at the Mission Inn recently which she and Mrs. Waller had attended. She brought out that now that the war was over, there still remained one of the most important functions of the Red Cross, that of rehabilitation and disaster relief to be supported through the coming drive. These efforts need the help of all America.

MRS. MARY WOLSETH told of the firehall, the sanitation district, the directory of addresses, and the means of bettering community organization through the medium of a survey in the form of a questionnaire compiled by the Civic club, asked and paid for by the chamber of commerce and distributed through the medium of the Woman's club.

Mrs. Lucy Abels, president, presided during a brief business meeting. Mrs. Ethel Mhoon gave a complete resume of the last club meeting at the Town Hall, a benefit for the library in which over \$90 was raised. Mrs. Abels urged all members to be present at the next meeting February 19, for the election of officers. Mrs. Olivia Jordan and Mrs. Caroline Kelly, affectionately known by the community as "two of the Peterson girls" will be hostesses and insure a good time at the Town Hall.

MRS. MARY DAWSON, chairman of Youth Activities, displayed the finished sunbonnet quilt, which had been pieced and given to the club by Mrs. Beatrice Holm for any worthy project. The club paid for the quilting, and backing and has presented it to the Girl Scouts.

Personals

Twenty ladies have volunteered to serve in their neighborhood as block hostesses to distribute and collect the survey and to report on possibilities of leadership within their district. These ladies are stimulated with the idea that they are needed permanent links in a community organization.

Paul Clark is greatly pleased with the prompt action he received to the chamber of commerce appeal that the Indian agent remove unsightly shacks from the reservation at the East entrance to town. That is the type of inter-community neighborliness which counts and promotes good feeling.

Three cheers for the Volunteer fire department, for taking over the Cactus Jumpers Jamboree this year. We expect to see things hum and money pour into the firehall building fund.

Bob Hillery and Bill Spencer Maddox are in their scout uniforms this week along with all the other Scouts. Starting last Saturday this is Boy Scout week, and on that day Bill appeared at the Desmond store to answer questions on the Scout movement. Both these boys have great hopes that a Scout troupe will receive impetus from the survey.

Mrs. Emma Ritchie of Desert Lodge celebrated her birthday February 7 by entertaining the lodge guests in her new room. Miss Grace Woolcott gave the readings she had presented to the Woman's club. Mr. and Mrs. Presley Moore of Bell, old friends of many years of Mrs. Ritchie's home there, dropped in unexpectedly and stayed over night with her. She opened little gifts of remembrance presented by the guests and some of her friends in the town.

Nell Benter of the Ahmoy Date shop met her fate across the counter and went to Yuma, Ariz., last Saturday to become Mrs. Harold Romo. Her husband is employed by the California Electric Power company and they expect to make their home in Cathedral.

Totem Pole Cafe Under New Owner

Once again the Totem Pole cafe has returned to town anxious to take part in community activities and welcome the local people within its doors, said Mr. and Mrs. Jack Bisplinghoff, managers for the new owner, Ray Martin of Kodiak, Alaska, whose home is now Hollywood.

"We will serve meals at popular prices and work with club groups on luncheons and dinners," Mrs. Bisplinghoff, who was recently associated with the Pasadena Athletic club as dining room hostess said. "We hope that you have need of what our cafe has to offer and we know that we cannot be successful unless you will help us with your patronage."

"Sez I"

By MARY WOLSETH

"Things are heading up to the point where a major push on the right road can send Cathedral rolling in the direction we all want it to go" sez Frank Russell, president of the Chamber of Commerce and first president of the Civic Improvement association.

"A community meanders along as a Sleepy Hollow just so long; until it becomes a happy hunting ground for abuses of people who have no interest in the town except for what they can get out of it by exerting the least possible effort. Suddenly, like Rip Van Winkle, its eyes are opened to the things it has to do to prevent these abuses and injustices which ultimately cause our best group of residents to move to a better organized town or another Sleepy Hollow."

We must be on our guard that it does not happen here, sez I. By co-ordinating the efforts of all organizations, getting publicity where it will do us the most good, knowing what we want and going after it, then nothing can stop us. There is a place for everybody by each contributing his share of effort on the thing he is best fitted to do. It need not work a hardship on a few individuals and we'll have fun doing it.

CHARCOAL AIDS THE APPLE

Cornell University natural scientists have found that a container of charcoal in an apple cold storage will help to keep the fruit fresh longer by delaying the ripening process. By this method, about 20 per cent is added to the storage life of apples.

Legion Drive for Memorial Building is Making Progress

It won't be long now, the Owen Coffman Post of the American Legion was assured this week, until the spic-and-span new De-Soto which will be given away at the Field Club on Sunday, February 23, will be displayed on the streets of Palm Springs.

The trim 1947 car is scheduled to arrive here within a few days, Post Commander G. K. Sanborn announced today. This news brought cheer to Charles St. George, who is managing the present project through which the post is seeking to supplement the funds on hand for the construction of the Wars Memorial Building on Belardo Road.

MEANWHILE, the other grand gifts which the Legion will give away are on display at the Palm Springs stores where they were purchased. These include an immaculate, roomy refrigerator, console radio and record-player, and 10 consolation prizes of various values.

Charles St. George reports a splendid response from the public to the fund-raising project.

TO DATE the post has raised approximately \$30,000 of an estimated building cost of \$100,000. Several projects this spring, including the two-day rodeo in Circus Week which the post is sponsoring, are expected to bring in additional funds, but the total will be vastly short of the goal unless enlarged public support is obtained, the post commander said.

The Memorial building, serving as both meeting and recreation hall for veterans in the Village, will provide a large downtown meeting location for conventions, expositions, civic events and similar activities not now possible due to the lack of the proper quarters.

Earl Coffman On New Grand Jury for Year of 1947

Earl Coffman of Palm Springs was among the 19 residents of Riverside county drawn Thursday for the 1947 grand jury.

Nine residents of the county seat, four Corona residents and six from other communities in the county are on the grand jury. Mark Henderson of Corona was named foreman of the jury.

The jury was sworn in by Judge O. K. Morton in superior court. Present during the selection of the new grand jury were William O. Mackay, district attorney, and Earl Redwine, county counsel.

In addressing the members of the group Judge Morton told of the origin of the grand jury system centuries ago in England and declared that the United States Government is no stronger than its citizens. "Serving on the Riverside County Grand Jury means that you are taking part in Government," the Judge said.

Expressing his appreciation of their willingness to serve, Judge Morton told the group that the coming year is "certain to develop serious problems."

THE KEENEST OF THEM ALL

When prone to underestimate the intelligence of others, it's well to remember the often-told yarn about the copy boy on a large metropolitan newspaper. Of quiet disposition, the boy was regarded by the staff as not too bright. This impression was furthered when one of them offered him the choice of a dime or a nickel. After a moment's hesitation, the boy took the nickel. The staff played the trick over and over again with the same result. Finally, a soft-hearted copy-reader took the lad aside for a fatherly talk. "My boy," he said, "you're making yourself appear ridiculous, taking the nickel each time. The nickel is larger, but the smaller coin is worth twice as much. Then why do you always choose the nickel?"

The boy grinned impishly, and replied, "Well, if I took the dime I'd never have another chance at the game."

A certain 1936 Oldsmobile four-door sedan bearing Engine No. F 590019 and serial No. F 283008, the registered owner of said automobile being James Wood, and the legal owner being Charles Hauser.

Said auction and sale will be made under and by virtue of Sections 425, 427, and 428 of the Vehicle Code of the State of California, and for the purpose of satisfying the lien of the undersigned on said automobile in the sum of \$236.94 (said amount representing the sum of \$191.94 for work and repairs upon said automobile and the sum of \$45.00 representing storage upon said automobile up to and including January 12, 1947), together with all storage charges upon said automobile accruing after January 12, 1947, together with the costs of said sale, said sums being for services rendered the registered and legal owners of said automobile by the undersigned, a garage owner, for compensation in performing work and repairs upon said automobile and for storing the same.

Dated: January 23, 1947.

Eastern Star Luncheon Club in Busy Session

The Eastern Star Luncheon club convened on Friday at its regular monthly session, held at the Desert Inn, with Mrs. Florence Murphy, president, calling the group to order. After the salute to the flag, Mrs. Edith Miller, chaplain of the Banning chapter, led the group in prayer. Mrs. Maude Bigelow Sibley, past worthy grand matron of the state of California, was an honored guest.

Artie Lee Peterson played several selections on the piano, and accompanied the group in community singing.

After the pleasant luncheon, a short business session was held. At this time reports were made on the ticket sales for the forthcoming Valentine ball to be held at the Tennis Club. The president was happy to announce that the goal of \$1,000.00 for the Community Chest had been reached.

THE VALENTINE THEME was carried out in the table decorations with red hearts and lacy valentines dotting the long luncheon table and red and white tapers lighting its length. Thanks go out to Fern White and the girls who worked with her.

At the close of the meeting, a valentine exchange was made, at which time old friendships were renewed and new friendships were made.

Mrs. Murphy, president of the club, made the following announcement at the meeting:

"Attention to all those having tickets for the Valentine ball at the Tennis Club: Be sure to call in your reservation for your party to the Tennis Club by noon on Thursday, February 13th, so that you won't be disappointed in your table arrangement."

Tax Notes

By EDWARD J. NELISSEN

WHO MUST FILE A RETURN

A return must be filed by every citizen or resident of the United States who had \$500.00 or more gross income in 1946. This includes minor children. Therefore, if a minor child earned \$500.00 or more during summer vacation, or working after school hours, the child must file a return and the parent cannot claim an exemption. It may be more "profitable" to have the dependent child earn only up to \$499.00 because in that case the parent can claim the exemption and also request refund of the child's taxes withheld.

WHAT FORM TO USE—Short-Form 1040 can be used profitably if income from all sources amounts to less than \$5,000.00, or an aggregate of \$10,000.00 for husband and wife. AND deductions claimed amount to LESS than 10 per cent of total income because on a SHORT-FORM return the tax-table, which allows you 10% for deductions, you cannot, in later years, amend this return and substitute the LONG-FORM even if you discover additional deductions which could have been taken by using the LONG-FORM.

When husband and wife file separate returns both must use the same form.

OTHER FORMS — Nonresident aliens should file on Forms 1040B or 1040 NB. Estates and trusts should file on Form 1041.

(Next Friday: Items which should be EXCLUDED from gross income.)

VILLA HERMOSA is the headquarters for many eastern visitors in Palm Springs this month. These coming from New York addresses, and now calling Villa Hermosa home, are Mr. and Mrs. Herman Sigal.

The northwest is well represented also. From that section are Mr. and Mrs. Mel Goodin, Portland, Oregon; Mr. and Mrs. Otto Grunbaum, Seattle; Mr. and Mrs. R. R. Agner, Orcas, Washington.

DESERT LORE will be the topic when Chapter KV of the PEO meets tomorrow at 1 p.m. at 775 Paseo El Mirador. Lloyd Mason Smith, director of the Palm Springs desert museum will address the luncheon session. His topic will be "Small Creatures of our Desert."

Visiting and unaffiliated members of PEO are urged to attend. Reservations may be made by phoning Mrs. Fay E. Brainard, hostess, at 8721.

THERE'S ANOTHER Sheptenko in town. Paul, that is, Resident of Duluth, Minn., he arrived this week to visit his brother, Peter B. Sheptenko, well known local realty broker.

From Palm Springs he will go to Austin, Texas, where he owns a ranch. And then back on home to Duluth.

He's a bit bigger than the Village Sheptenko, but like Mike and like, they look alike.

SIXTY was the theme at the Racquet club the other night when Ernest Alschuler, Chicago radio executive and long-time winter resident here, celebrated his sixtieth birthday. There were sixty guests present from all parts of the nation to wish him well.

A feature of the day was a three-cornered long distance conversation between Mr. Alschuler and his friends, Mr. and Mrs. Louis Frankel, of Nylon hose fame, Mrs. Frankel was in Chicago, her husband in St. Joseph, Mich., and Mr. Alschuler here.

Special guests at the Racquet club birthday party were Mr. and Mrs. Al Lee of San Francisco and Mr. and Mrs. Thornton Seligman of Albuquerque who made a special trip here to congratulate Mr. Alschuler.

CHICAGO'S great surgeon, Dr. Alfred Strauss, arrived this week to join Mrs. Strauss who came west a week ago at the Villa Hermosa. Also from the "windy city" are Mr. and Mrs. Arthur Horwich.

Mr. and Mrs. Franz Salda are enjoying the winter sunshine while visiting here from Colorado. Completing this week's arrivals at Villa Hermosa are Mr. and Mrs. E. I. Leech, of Pittsburgh.

DON CABALLERO

Perfect winter weather, brilliant sunshine, comfortable temperatures, combined this week end to make Palm Springs a real place to relax.

Your Don got back into circulation and noted the following items.

BACK IN TOWN for the season was E. B. (Burt) McGovern, head of McGovern and McGovern, nationally-known Seattle Fisheries concern.

He's down here with his family and is one of Palm Springs' earliest risers.

He gets up at dawn each day to take a brisk four-mile walk.

"Palm Springs at dawn is really something," he said. "A walk out into the desert makes a new man out of you. Try it some time."

SOCKING them into the rough this week on the O'Donnell Golf course was J. Benny—(star of stage, radio and screen) and Mary Livingstone.

They are down here to soak up the sun and to try to break 100 on the course.

Following their morning round on the course the other day they went to the Escadrille where Sol Hensen looked after their appetites.

STAYING at the Ambassador hotel to absorb a bit of the famous Palm Springs sunshine are Mr. and Mrs. A. Krasne of New York City. They are regular Village winter residents and ardent equestrians.

He is president of Krasdale Foods, Inc., nationally known food distributors. Both are active in philanthropic work.

Samuel Poses, prominent New York lawyer, and Mrs. Poses, are guest of the Krasnes.

THE PACIFIC NORTHWEST is really well represented in Palm Springs.

Here for the season with a home at 591 Bellard road are Mr. and Mrs. Arthur A. Anderson of Astoria, Oregon.

Mr. Anderson is a veteran salmon packer of Astoria.

Mrs. Anderson is well known in the northwest as a garden enthusiast. Her gardens are visited annually by hundreds of flower lovers.

VISITING in the Village this week were Mr. and Mrs. A. W. Brindle, of Ketchikan, Alaska and Seattle, Washington.

Mr. Brindle is a prominent salmon packer, merchant and banker in the Alaskan country where he was raised.

He served for over two years with the U. S. Army in Alaska and was in charge of the landing operations during the Kiska invasion. He was decorated with the Legion of Merit for his services.

Mrs. Brindle is a leader in club work in the northwest and active in Catholic charities.

The Brindles have five children and this is their first visit to Palm Springs. But already they have become enthusiastic Villagers.

They have taken a home at 335 Via Las Palmas.

VILLA HERMOSA is the headquarters for many eastern visitors in Palm Springs this month. These coming from New York addresses, and now calling Villa Hermosa home, are Mr. and Mrs. Herman Sigal.

The northwest is well represented also. From that section are Mr. and Mrs. Mel Goodin, Portland, Oregon; Mr. and Mrs. Otto Grunbaum, Seattle; Mr. and Mrs. R. R. Agner, Orcas, Washington.

CHICAGO'S great surgeon, Dr. Alfred Strauss, arrived this week to join Mrs. Strauss who came west a week ago at the Villa Hermosa. Also from the "windy city" are Mr. and Mrs. Arthur Horwich.

Mr. and Mrs. Franz Salda are enjoying the winter sunshine while visiting here from Colorado. Completing this week's arrivals at Villa Hermosa are Mr. and Mrs. E. I. Leech, of Pittsburgh.

LAST WEDNESDAY morning the Desert Riders enjoyed their breakfast out near the Racquet Club. With the magnificent view of San Jacinto before them they listened to Earl Coffman describe the proposed plans for the Tramway. After listening to the facts and figures and looking at pictures showing the terrain over which the Tramway will be built it was voted that the Desert Riders pledge five hundred dollars toward the construction of horse trails that will eventually lead to the Tramway terminus.

The first project will be the continuance of the Los Compadres Trail up as far as Andell Rock. Earl Strebe generously donated fifty dollars and Paul Draper of Boston gave twenty. Raymond Cree announced that the Horseman's Association was also pledging five hundred dollars towards the construction of these trails.

TOMORROW is the date for the Mad Hat contest for men and women with suitable prizes being awarded for the Maddest Head Gear that can be worn while riding.

Two new members have been accepted in the Desert Riders, Mrs. Coard Taylor of Greenwich, Connecticut, and our own Bill Ortwin of Western Air Lines. Among the old members riding again are Mr. and Mrs. Howard Flint of Detroit, and guests this week included Dr. and Mrs. Earl Johnson of Vermont, Mr. and Mrs. Al Hibbard of Montana, and Paul Draper of Boston.

OVER at Deep Well Ranch last Tuesday, Melba Bennett gathered together a group to discuss the Village Insanities which will take place during Circus Week in April. Those dreaming up ideas were Mary Jane Hicks, Tony Burke, Paul Brown, Willard Grib, Virginia Farrell, Ruth Robertson, Ann James, and Marielna Borden.

Seen at the Vox Pop broadcast from Lee Bering's Tennis Club on Tuesday evening were Mr. and Mrs. Robert Ransom, Mr. and Mrs. Austin McManus, Mrs. John Chaffey, Rev. Dr. and Mrs. McCarty, Miss Beverly Hauser and her parents, Mr. and Mrs. Eric Hauser of Chicago, Mr. and Mrs. Ted Reed, and Dr. and Mrs. M. A. Selinger who were former residents here when Dr. Selinger was on the staff of Torney General Hospital.

OPENING her home at Smoke Tree Ranch this week was Gertrude Overly who has escaped the cold of Vermont to enjoy the warmth of the desert. Staying with her is Mrs. Barbara Labbe of Portland.

Staying at Thunderbird Ranch are Mr. and Mrs. J. D. Davies of Seattle, Dr. and Mrs. A. C. Gibson, Mrs. J. B. Lippincott, John Raggie, Miss Ana D. Ross, Mr. and Mrs. Godfrey K. Waters, and Mr. and Mrs. Lewis Carpenter, all of San Francisco. Among those who have bought land in the Thunderbird tract are Mrs. Winifred Archer, George Strebe, Raymond Cree, and Albert Frey. Also Mr. and Mrs. Mills Lendrum of Salinas, California, and Mr. and Mrs. Bruce Hulbert of Indianapolis.

THAT GROUP of architects lunching with Charlie Farrell last week were having fun trying to figure out ways to dress up the Racquet Club. Those with ideas were Burton Schutt who designed the Bel Aire Hotel; Bill Farrera, former KKO producer and set designer; Raymond Loewy, famous industrial designer and owner of one of the most attractive homes in Palm Springs; Harry Oliver, who designed the sets for Charlie's famous picture "Seventh Heaven"; and Palm Springs' own architect, Albert Frey. Charlie says that there will be no drastic changes made, just a bit of face-lifting after 12 years of service wear beyond the call of ordinary wear and tear.

A SURPRISE birthday party was held for Mrs. Earl Cordrey on Tuesday evening. Guests met at the home of Mr. and Mrs. Harold Murphy for cocktails and then dined at the Tennis Club. Those present besides Mr. and Mrs. Cordrey were Mr. and Mrs. Kenneth Kirk, Mr. and Mrs. Walter McManus, Mr. and Mrs. Robert Ransom, Mrs. John Costello, Mr. and Mrs. William Malouf, Mr. and Mrs. Frank Davies, William Bogges, Chet Hoover, Miss Louise Peel, and Mr. and Mrs. Lloyd Nix.

TO MARK his birthday anniversary, Augustine M. Nardoni hosted a gay party at the Tennis Club last Saturday night.

Those helping him celebrate were Mr. and Mrs. David Dirks, Miss Willa Young and Architect John Lindsay, lat. of Los Angeles. Localities Dr. and Mrs. Joseph A. D'Alessio and Estelle Konstant, hostess.

Also Rudy Vallee, Mary Ann Nyberg and Mr. Vallee's houseguests, Mr. and Mrs. Stetler of New York, who flew west in honor of Edgar Bergen's tenth anniversary on the radio. Mr. Stetler is advertising manager, Standard Brands, N. Y.

The group and those present were honored by Mr. Vallee with two well chosen solos.

ANNIVERSARY celebration featured a dinner at the Palm Highlands Inn on Highway 111 last week when Mr. and Mrs. L. Cahn, long-time winter residents here, observed their 27th year of marriage.

Guests included Captain and Mrs. Hollingsworth, Mr. and Mrs. Spaulding of Long Beach; Mr. and Mrs. Charles Pines of Beverly Hills; Mr. and Mrs. Thomas

Nate Milnor Comes To Aid of Village Housing Project

Disclosure that Nate Milnor, prominent Palm Springs resident and former internationally-known importer, has personally borrowed the \$30,000 needed as a local contribution to enable the start of work on the 100-unit Ramon road employed persons' housing project, was made at a breakfast meeting at the Desert Inn this morning attended by employers from throughout the Village.

Barney Hinkle, chairman of the Palm Springs Housing Authority who has just spent several weeks completing details on the badly-needed housing facilities, made the announcement of the outstanding civic service of Milnor, praising his deep interest in the welfare of the community.

THE \$30,000 will be combined with \$270,000 which the State of California has assured for the improvement, thereby making it possible for the work to get underway in time for completion for occupancy next fall, Chairman Hinkle told the employers. The money from the state has been awarded from the emergency housing funds and will be amortized over a period of five or six years.

Assemblyman Phil Boyd handled the arrangements on the state fund at Sacramento, beginning with an initial contact with the department of finance more than two months ago.

THE LEGISLATOR, former mayor of Palm Springs, was a guest at the breakfast meeting and reported on the first month's session of the legislature with particular attention to the major highway program which was rounded out in committee hearings and will come up for final action when the lawmakers reconvene early in March.

Figures which Chairman Hinkle of the Housing Authority gave to the employers showed that rentals on the 100 units will range between \$60 and \$75 for one and two-bedroom apartments, this price including all utilities. Details of the rent ceilings are being worked out between the Housing Authority and the rent control office of the OPA.

Furniture for the apartments is being provided from surplus stocks turned over to the Federal Public Housing Authority; the agency through which the local authority has worked to obtain the former hospital that will be converted into attractive living quarters.

A SPECIAL ARRANGEMENT of the buildings on the city-owned acreage just east of the Field Club will give the ultimate in privacy to the occupants and make the units attractive from the street. An appropriation is permitted for the landscaping and for the maintenance and repair of the entire project.

The breakfast meeting today was held under auspices of the plans for the sorely-needed quarters for employed persons here.

March of Dimes Need Is Greater Than Ever Before

So severe was last summer's epidemic of infantile paralysis in many parts of the nation the entire \$4,000,000 reserve for epidemic aid of the National Foundation for Infantile Paralysis was completely wiped out, making it urgent that the reserve be restored through the present March of Dimes appeal, according to information received here by Harry C. Harper, local chairman.

The National Foundation is seeking a new reserve of \$5,000,000 to be prepared to meet possibly increased demands during the critical period of the summer of 1947. Sole source of revenue is the March of Dimes.

JARS AND "CASH CANS" of the March of Dimes have been placed about the stores in Palm Springs and larger contributions will be welcomed by the local chairman if mailed to him at the Palm Springs Chamber of Commerce. Checks should be made payable to the National Foundation for Infantile Paralysis.

Thief Gets Away With Valued Pipe

Sam Arner of Cathedral City reported this week that someone had stolen four full sections of coppered one-inch pipe from the Desert Court, back of the Texaco station in that community.

Arner had tried for weeks to obtain the pipe, needed for a new building, and offered a reward for information leading to its recovery.

Hickey of San Jose; Mrs. Julia Palmer of Oakland, Mr. and Mrs. Bonoff, Mr. and Mrs. Kane of Chicago; Mr. and Mrs. Paul Onan, and Mr. and Mrs. M. Niemitz, owners of the Inn.

SATURDAY evening August Nardoni, president of the Nardoni agency for artists, authors and directors, hosted a dinner party at the Tennis Club.

Those present were Dr. and Mrs. Joseph A. D'Alessio, Mr. and Mrs. Estelle Konstant of Detroit, Mich., Mr. and Mrs. Don Stetler, Rudy Vallee, who sang several impromptu numbers, Miss Mary Ann Noberg, Willa Young, Mr. and Mrs. David Dirks of Los Angeles and Don Lindsay.

Chest Chairman Expresses Thanks

TO THE RESIDENTS OF PALM SPRINGS:

Palm Springs has again gone over the top—this time it is the Community Chest and the Community Hospital. Our quota was \$35,000.00 and at this writing we have \$40,000.00—and with the checks which we are expecting will exceed this amount.

On the Air

Earl Coffman Will
Speak Coast-to-Coast

Earl Coffman, co-owner of the Desert Inn, will be interviewed via long distance radio by the nationally known commentator, John Vander Cook, some time during the national NBC coast-to-coast broadcast of that program today from 4:15 to 4:30 p. m.

Cook will interrogate Coffman on the recent Ninth Federal Circuit Court of Appeals decision in the Lee Arenas Indian land allotment case.

The Village gained nationwide publicity under such headlines stories which read that "Palm Springs Was Given Back to the Indians."

V. F. W. Dance at Desert Mill

A dance to be held at the Desert Mill February 15 is being sponsored by the Frontier Post of the Veterans of Foreign Wars. Tickets to the event can be purchased from any member of that organization or at McEvoy's Jewelry Store on Palm Canyon Drive. A good time is promised and refreshments will be served.

The United States shipped 7,911,711 net tons of iron and steel to foreign users during 1945.

dinner Mr. and Mrs. Stuart Hoppes of New York and Mr. and Mrs. Jack Keniston of Beverly Hills. Mrs. Keniston was the former Helen Lindsay, for many years the manager of I. Magnin in Palm Springs.

Doing the Village

with
Moya Henderson

The two drops of rain that fell on Sunday didn't seem to discourage the golfers on the O'Donnell course but apparently the wet climate beyond the pass drove people to the Village en masse. The best story of the week concerns the woman who released her month's reservation at a local spot because the weather had become unbearably warm.

We have with us this week, Johnny Scott, former manager of Visalia Stock and Saddle company here and the first president of the Los Compadres. He is the guest of Jimmy Cooper. Clyde and Myrtle Biddle have also returned to the Village for the remainder of the season. They are old timers at Ramon Trailer Park. Down from Seattle this week, came Barbara (Bobbie) Prentice to join her parents at Estrella Villas. The Prentices have been regular visitors here for many years.

IT'S GOOD to see Mrs. Earl Cordrey up and around after her recent incarceration at the Community Hospital.

One of the busiest people in these parts is Roxie Bohrer, who not only has taken a full time position with the High School but teaches night school at Cogchella as well and just for fun throws in another night Spanish class for a group of friends who wanted to learn the language. Amongst her pupils are Gwen and Ed Bohrer, Dee and Roger Williams, Phyllis Kiley and Roxie's husband, Bob.

The tennis club is still one of the busiest spots in town. Thursday of last week Juanita Crock-

ett entertained a foursome at luncheon followed by a session of bridge at her home. In the party were Vera Nicholson, Harriet Henderson, Lucretia Lippman and Agnes Hansen. Saturday night was another big evening. Rudy Vallee sang many of the songs he made famous as sort of a farewell to the Village before leaving for Los Vegas. Also in a farewell mood that night was Cullen (Cap) Johnson, who had been with Desmonds for the past months and now leaves on an air line tour to South America. Doing the Club and the Town that night were the Jack Gorhams, Milt Hicks, Harry Vonsels and the Lou Manseaus. The George Quiglies were the guests of the R. R. Adams at The Bombay that evening.

SUNDAY SAW a goodly crowd assembled at Smoke Tree Ranch for their gymkhana. Willie and Trav Rogers entertained Sunday evening with a hekkka party at the stables of Stuart Hoppes. Jimmie Rogers Caldwell has been back in town visiting with her family.

Passed Ruth Geggie on the road Thursday touring into town. Purchased a few articles in town this said date and the clerk, on noting a Palm Springs address, remarked that his last customer had been from Palm Springs from some tree farm down there—turned out to be Smoke Tree Ranch.

On the agenda for this week is the Eastern Star's Valentine party at the Tennis Club Friday night. Precedes from this benefit will go to swell the Community Chest fund.

I, therefore, as chairman of this successful drive, wish to sincerely thank and offer my congratulations to the many hard and loyal workers in Palm Springs who have helped to make the success of this drive possible. We in Palm Springs should feel proud of the fact that over 1600 people contributed to the drive—outside of the theater collection week in which many more hundreds contributed.

I WANT to take this opportunity—through the kindness of our local papers—to publicly thank the following people:

To Mayor Clarence Hyde who cooperated so enthusiastically and completely in our formal opening at The Plaza.

To The Desert Sun, whose marvelous cooperation and splendid publicity have helped so much to make this drive a success.

To Clint Jones and Radio Station KCMJ whose spot announcements and other publicity have helped so much. To Bill Rashall, who helped in his news broadcasts for The Desert Sun.

TO THE OFFICIALS of the Community Chest and the Community Hospital whose cooperation has been invaluable during this campaign.

To all the general chairmen and the committeemen who have worked hard and diligently in this campaign.

To the Boy and Girl Scouts for their willingness to participate at the parade and their further participation in the community service work.

TO EARL STREBE for the use of The Plaza Theatre for the Boy and Girl Scouts' Day, and for his cooperation in making it possible for us to take up collections during the week of February 2nd.

To the Red Cross for the use of their headquarters on Indian Avenue during our campaign.

To Ted Reid for the use of his loud speaker during our opening ceremonies on January 18th.

To Earl Coffman for the use of the Fiesta House for our many large committee meetings.

TO HARRY HARPER, who, busy as he is, stepped in and took over the job on publicity.

To all the other numerous workers who have contributed so much to the success of this drive I extend my sincere thanks and appreciation.

To those residents of Palm Springs, Cathedral City and Desert Hot Springs who contributed to the fund drive.

I assure the Community of Palm Springs that it has been a pleasure and an honor to head their Community Drive for 1947, and I express my honest and sincere wishes that this community continue to go forward and to unite themselves closer and closer in community spirit, devoid of petty jealousies and disputes.

Very sincerely,
KENNETH B. KIRK,
Chairman, 1947 Community Chest Drive and Community Hospital Drive.

NOT JUSTIFIED

If all mankind minus one were of one opinion and only one person were of the contrary opinion, mankind would no more be justified in silencing that one person than he, if he had the power, would be justified in silencing mankind.
